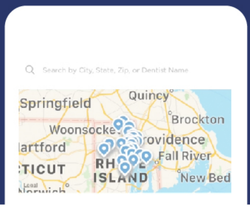
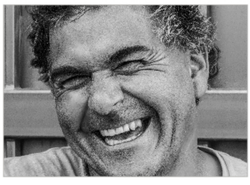
With Chewsi, you'll:

- Save on the dental care you need and want – even cosmetic services like teeth whitening
- See if your dentist uses Chewsi or easily find a new dentist who does
- Avoid the hassles of traditional insurance – your dental care is between you and your dentist

Chewsi works if you have dental insurance – and if you don't.



How will you save?



Brian needs a crown

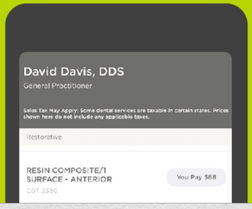
Recent retiree Brian no longer has dental insurance. He needs a crown at a cost of $1,550. Brian downloads the Chewsi™ app, finds a Chewsi dentist and saves $370.

Suzi wants a check-up

Part-time worker Suzie doesn't have dental insurance. Because her dentist is a Chewsi™ dentist, she uses the app to save $62 on her exam, X-ray and cleaning.

Abby needs a night guard

Abby needs a night guard, but they aren't covered by her dental plan. Abby finds a Chewsi™ dentist to make her night guard and pays just $396, saving $154 with Chewsi.



With Chewsi, you never have to worry about deductibles, maximums or other limits.

Chewsi is the new solution that's revolutionizing how dental care happens. Chewsi works if you have dental insurance – and if you don't.

Chewsi is not insurance. There are no claims reviews, no limitations, no deductibles, no annual maximums...

FAQ

Q: What is Chewsi™?

A: Chewsi is the new dental app that helps people find the right dental services from the right dentist at the right price.

Q: How does Chewsi work?

A: Chewsi works by offering you discounted prices on any dental service you need or want. Chewsi isn't insurance, so there aren't any premiums or monthly fees. The app is free to download. Once you register, you can search for a specific dentist or procedure, call to set up an appointment, and pay directly through the app on your smartphone right there at the dentist's office.

Q: Who can use Chewsi?

A: Chewsi is for everybody. It works for any patient — whether they have dental insurance or not.

Q: Is Chewsi insurance?

A: Chewsi is not insurance. There are no claims reviews, no limitations, no deductibles, no annual maximums, no paperwork, and no hassles. You can use Chewsi to pay for all procedures — even cosmetic.

Q: Where can I find the app?

A: You can download the Chewsi app in the App Store or Google Play.

Q: How does Chewsi work with my dental insurance?

A: Chewsi works like a wraparound product to help you afford procedures not covered by your dental insurance. For example, members who reach their maximum and need additional services can use Chewsi to find a more affordable rate, rather than postpone treatment.

Q: Can I schedule an appointment through the app?

A: No. You have to call a Chewsi dentist's office to schedule an appointment.

Q: Can I use Chewsi at any dentist?

A: You can only use Chewsi with a participating Chewsi dentist.

Q: Can I find out ahead of time how much my dentist will charge me?

A: Yes. After registering on the app, you can see what a dentist will charge you by using the Cost Estimator.

Q: Why do you want my credit card number? It is safe to give it to you?

A: We securely store your credit card so you can pay your Chewsi dentist with just one click. Paying with the Chewsi app is the only way to get Chewsi savings on your dental care. We never share your credit card information — even with your dentist, and your card will not be charged until you click the "Pay Now" button in the app.

Q: What if I'm not happy with my dental service?

A: If you're unhappy with your dental service, please contact our Customer Service team at 1-855-624-3974 or email Chewsi@firstcirclesolutions.com.
